## **KC STREETCAR NIGHTWORK PLANNED WEEK OF AUGUST 2**

(Kansas City, Missouri) – Property owners, businesses, and residents can expect night construction along the downtown streetcar route this week.

Starting Monday night, August 2, construction crews will be working along Main Street between 14<sup>th</sup> Street and Truman Road South performing necessary track slab repairs. This is part of on-going efforts to keep the KC Streetcar system the best it can be.

All work will be performed at night and once the streetcar is out of service. Work is anticipated each night while the streetcar is out of service between 10:00 p.m. and 5:00 a.m. Work is planned to take place Monday, August 2 through Thursday, August 5.

During construction, Main Street will be closed between the south side of 14<sup>th</sup> Street to the north side of Truman Road South (including the Main Street bridge over 670). Truman Road North will also be closed between Walnut Street to Baltimore Avenue. The detour around the construction is as follows:

**Northbound:** Main Street to Truman Road South to Walnut Street north to 14<sup>th</sup> Street west.

**Southbound:** Main Street to 14<sup>th</sup> Street east to Walnut Street south to 16<sup>th</sup> Street south.

These road closures will be in effect Monday - Thursday, 10:00 p.m. – 5:00 a.m. and traffic control will be picked up and return to regular traffic prior to morning streetcar service.

For KC Streetcar inquiries, contact Donna Mandelbaum with the KC Streetcar Authority at 816.627.2526 (office), 816.877.3219 (cell) or by email at dmandelbaum@kcstreetcar.org.
