18th & Vine Streetcar Feasibility Study

Study Area

Goals/Outcomes (Study)

Public Engagement Goals

1. **Build trust and genuine two-way dialogue** with residents, business owners, and stakeholders along 18th Street.
2. **Elevate voices** from the 18th & Vine District and surrounding neighborhoods, particularly historically underrepresented communities.
3. **Gather meaningful, actionable feedback** that directly informs the feasibility study and ensures the streetcar extension reflects local vision, values, and priorities.
4. **Connect the corridor's future to its cultural, historic, and economic significance** while addressing mobility gaps, particularly the lack of east/west connections.
